Announcement of production discontinuation

Firstly, thank you for your continuous support in selling our products. Since their release, the MR-JE-C series has been successfully sold and widely adopted by our customers. Due to compliance requirements, however, it has become necessary to discontinue the MR-JE-C series. We sincerely apologize for any inconvenience this may cause and kindly ask you to use the recommended successor product for future applications.

Please note that the successor product is not a 100% equivalent replacement. Therefore, before implementation, we kindly ask you to carefully review the relevant technical documentation.
