Who we are

Trust is the one-stop brand for digital lifestyle accessories. We are a European-based global company on a mission to simplify everyday life with clever and increasingly sustainable solutions.

As Trust International, we bring three brands to the market: Trust, our range of digital accessories for work at home, in the office, and on the go; GXTrust, our dedicated gaming brand; and Trust Smart Home, offering intuitive solutions for a connected home.

With a presence in all relevant markets worldwide, we combine global expertise with local support, ensuring our partners and customers always get the service they need.

Mission

Helping you to create your ideal personal work & gaming spaces, connect with others, and live-work-play in your own way.

Our values

- **Reliable** – Build lasting partnerships and deliver on our promises with consistency and integrity.
- **Quality** – Create durable, useful products that stand the test of time.
- **Authentic** – Be transparent, genuine, and true to who we are.

Our brand story

Find everything you need for your workspace with Trust. Combining **quality and value**, our products – ranging from keyboards and mice to headsets and laptop bags – have been designed to **enhance your productivity and comfort**. With a **5-year warranty** on all products and a commitment to **durable, sustainable growth**; Trust is your reliable partner.

Your ideal workspace starts here.

Trust.

Clevergreen

Clevergreen is Trust's sustainability program, aimed at internal improvements and communicating our sustainable practices to our customers. It represents our commitment to environmental responsibility, innovation, and stakeholder engagement.

Sustainability at the core of our company

At Trust, we want to make fair digital accessories the new norm – fair for people, fair for the planet, and at fair prices. We are reducing plastics in our products and packaging, increasing the use of recycled and renewable materials, improving recyclability, and lowering our CO₂ footprint at every step possible.

Our objective is to become **fully climate neutral in 2030 and circular in 2040**, with a minimum of 80% of our core products made with recycled materials by this point.

Our products and packaging

We have a wide range of Clevergreen products in our portfolio, referring to products which have been produced using recycled materials and packaged in environmentally-friendly packaging. We maximise the percentage of recycled materials the product is made from, and also use FSC®-certified cardboard and volume-optimised packaging free from plastics, foam, and polystyrene.

By removing hard-to-recycle materials such as PVC, maximising the use of recycled and renewable materials, and improving recyclability, we continue to lower our footprint while maintaining the high quality and protection our products require. Each product undergoes careful testing to ensure it performs effectively and meets the high standards our customers expect.

Top 5% worldwide

We are proud to be a repeat winner of the EcoVadis Gold Medal, placing Trust among the top 5% of all companies assessed by EcoVadis and the top 2% within our industry: wholesale of computers, computer peripheral equipment, and software.

EcoVadis is a trusted provider of business sustainability ratings, evaluating companies across four key areas: Environment, Labour & Human Rights, Ethics, and Sustainable Procurement. To achieve a high score, companies must demonstrate strong environmental management, responsible labour practices, high ethical standards, and effective sustainable procurement.

This recognition reflects our ongoing commitment to fair and ethical business practices and the development of more sustainable products. Over the past year, we have continued to improve product and packaging sustainability, expand the use of certified materials, and strengthen supply chain responsibility. Internally, we also refined our strategy and policies, expanded ESG training, and introduced new KPIs to guide our progress.

5-year warranty

Built to last

At Trust, we believe in the quality and durability of our products, which is why we've extended our warranty to 5 years. The 5-year warranty applies to all Trust products* purchased from September 2024 onwards.

No registration is required, and claims are handled directly by our in-house support team, meaning no hassle and no delays for you. Requests can be submitted via trust.com/warranty where you'll also find the full terms and conditions.

Our commitment to quality remains stronger than ever, and we want to give you even more confidence in choosing Trust products knowing that your purchase is protected for years to come.

**Excludes powerbanks, batteries, UPS, and GXTrust products.*

Raising the bar in ergonomics

Trust has become the first PC accessories brand to earn official ErgoCert certification – setting a new benchmark in our industry and proving our commitment to healthy, comfortable working.

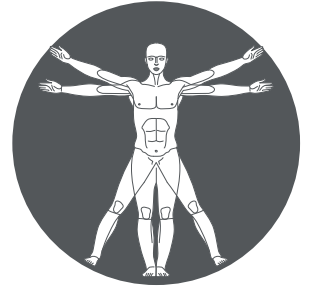

What is ErgoCert?

ErgoCert is an internationally accredited institute that scientifically evaluates ergonomic design. Through expertise and user testing, ErgoCert validates product design with respect to anthropometric, biomechanical and usability compliance, ensuring they genuinely support comfort, posture, and user well-being.

Tested, proven, certified

Following a series of in-depth assessments, four Trust products have received ErgoCert certification – the Bayo II, Bayo II Wireless and Bayo+ mice, and the Keyra Ergonomic Keyboard. All offering a more natural hand position, reduced wrist strain, and improved comfort, they each received the ErgoCert 3-star rating, making Trust the first manufacturer to receive this level of certification.

Join our **elevate** program

Get exclusive benefits

At Trust, we're dedicated to supporting partners at all levels and helping your business grow. Through our Elevate program, our top priority is to make working with us and achieving your business ambitions as smooth as possible by providing you with all the tools you need. We're dedicated to investing in our partnerships, offering attractive bonus programs, and creating joint business plans specifically designed to help your business thrive.

Join, grow, and discover exclusive benefits with Elevate.

Local account management

An international business with a local presence, Trust is all about strong local connections and tailored support. With dedicated local B2B account managers, we're here to assist you with everything you need to ensure your business thrives.

Bid pricing

Our deal registration program gives you the opportunity to access the best price in the market for bids. Handled directly with your local account manager, we'll work with you to secure the best available offers quickly, simply, and without hassle.

Early product access

Be the first to know about new Trust products, and get early access to NPIs before they are officially available in the market. Test them, share with your customers, and get to know our products up close and personal.

Exclusive promotions & materials

Take advantage of partner-only promotions and offers to boost engagement and enhance your sales. What's more, you'll also receive free marketing content including product videos, photography, banners and more to help you promote and sell Trust products more effectively.

B2B exclusives

With a focus on quality products Trust offers reliable equipment exclusive to the B2B channel. The B2B channel exclusive range consists of must-have accessories for a productive working experience, supporting both working from home and in the office.

B2B exclusive products come in easy-to-open sustainable brown box packaging. The size of the packaging has been minimised to reduce material use and space during transport and storage.
