# Who is Trust?

Trust is a leading value-for-money brand offering accessory products that are smart, affordable, and also sustainable. Our broad assortment features peripherals designed for daily use, fulfilling the full range of business needs. As a global company, Trust is represented locally in all relevant countries to provide local support.

## Mission

Helping you to create your ideal personal work & gaming spaces, connect with others, and live-work-play in your own way.

## B2B Excellence

We are a trusted brand offering quality, affordable products with dedicated B2B programs to support your business growth.

### Affordable green

Trust offers sustainable and affordable products. Learn more about our Clevergreen program in this catalogue.

### Bid pricing

Our deal registration program gives you the opportunity to access the best price in the market for bids.

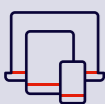

### B2B exclusive range

Trust is continually expanding its B2B exclusive product range, offering high quality products with 5 years warranty.

### Pricing support

Flexibility for volume orders, bundles and promotions with a supportive and adaptive pricing structure.

### Focus categories

Trust provides the most extensive range of mobile and PC accessories to suit every business need.

### Trust Elevate Program

Profit from financial and program benefits and make the most out of your partnership with Trust.

## B2B Exclusive range

With focus on quality products Trust offers reliable equipment exclusive to the B2B channel. The B2B channel exclusive range consists of must-have accessories for a productive working experience, supporting both working from home and from the office.

For full peace of mind, a **5-year warranty** is included on all B2B exclusive products, purchased from **September 2024**.

B2B exclusive products come in **brown box packaging** which is **easy-to-open** and **sustainable**. The size of the packaging has been minimized as well, to reduce material use, and space during transport and storage.

# Clevergreen Affordable green for B2B

## Sustainability at the core of our mission

At Trust, we want to make fair digital accessories the new norm. **Fair for people. Fair for the planet. Fair prices.** That's why we're speeding up our sustainability efforts.

We are strongly reducing plastics used in our products and packaging, and are making more use of materials from renewable resources. We are also aiming to improve the recyclability and optimise our logistics process to reduce our CO<sub>2</sub> footprint.

Trust strives to make 80% of all new products with recycled materials and 75% of all new packaging using FSC®-certified carton. Our objective is to become fully climate neutral in 2030 and circular in 2040.

## Clevergreen: Our products and packaging

Clevergreen is the name of our sustainability program. It also applies to specific products which have been produced using recycled materials, and when products are packaged in environmentally friendly packaging. We maximise the percentage of recycled materials the product is made from, and also use FSC®-certified cardboard and volume-optimised packaging free from plastics, foam, and polystyrene.

In this brochure, Clevergreen products are marked with the following icon. 

## Top 5% of our industry

EcoVadis is regarded as the world's most trusted provider of business sustainability ratings in a number of areas critical to achieving sustainable goals, including environment, labour and human rights, ethics and sustainable procurement.

According to the score of this rating, Trust is among the top 5% of our industry already assessed by EcoVadis in terms of sustainability.

## How we keep sustainable solutions affordable

Part of the efforts involve reducing costs whilst some involve increasing costs, but in total we strive to keep cost increase as minimal as possible while maximising our sustainability efforts.

### Lower costs

- Reduce size / material
- Remove plastics from packaging
- Remove instruction manual
- Lower transport cost

### Higher costs

- FSC® carton
- FSC® hanger
- FSC® inner tray
- Recycled plastics (market)

+ = Clevergreen

# Fits like a glove
