A cluster of colorful geometric shapes including a pink diamond, a purple hexagon, a yellow triangle, and a blue circle in the top left corner.

We are aware of a recall of select infant formulas made by another manufacturer and can reassure that no Enfamil products are affected. All Enfamil branded infant formulas provide complete nutrition and support healthy growth.

We understand that this situation is worrisome to parents and understand how important infant formula is for babies and children who rely on it.

We can help you with an alternative according to your necessity!

A collection of colorful geometric shapes including a large orange circle, a yellow hexagon, a pink square, a purple hexagon, a blue circle, an orange hexagon, a yellow square, and a purple square in the bottom left corner.
