

However you do it, Enfamil[®] fuels it

We provide nutrients shown to support baby's development. You provide everything else. Enfamil NeuroPro[™] Infant is the only leading formula with an expert-recommended amount of brain-building DHA,* a nutrient that helps with:

- Visual development[†]
- Verbal ability[§]
- Attention span[‡]
- Learning and following rules[§]
- Problem-solving[‡]

Enfamil also has naturally occurring **MFGM components**—a building block of the brain found in every drop of breast milk.^{||}

Our ingredients are also shown to support baby's immune system.

Only Enfamil NeuroPro Infant has an exclusive HuMO6[™] immune blend, which includes 2'-FL HMO, PDX, GOS, vitamins C and E, and selenium.
