## Amino Acids

| Amino Acid    | mg / 100 Cal | mg / 100 mL <sup>1</sup> | mg / 100 g* |
|---------------|--------------|--------------------------|-------------|
| Arginine      | 71           | 48                       | 360         |
| Histidine     | 53           | 36                       | 270         |
| Isoleucine    | 120          | 81                       | 600         |
| Leucine       | 220          | 151                      | 1120        |
| Lysine        | 200          | 132                      | 990         |
| Methionine    | 53           | 36                       | 270         |
| Cysteine      | 38           | 26                       | 193         |
| Phenylalanine | 90           | 61                       | 460         |
| Tyrosine      | 80           | 54                       | 340         |
| Threonine     | 124          | 84                       | 630         |
| Tryptophan    | 29           | 20                       | 147         |
| Valine        | 130          | 88                       | 660         |
| Alanine       | 101          | 68                       | 510         |
| Aspartic acid | 200          | 133                      | 1000        |
| Glutamic acid | 400          | 270                      | 2000        |
| Glycine       | 42           | 28                       | 210         |
| Proline       | 162          | 109                      | 820         |
| Serine        | 116          | 78                       | 580         |

<sup>1</sup> At 20 Cal/fl oz

\*Powder only

Protein sources: 56% Whey protein concentrate and 44% Nonfat milk
