

# Growth takes off at LLA

## Transforming the airport

**£100m**

LLA is being transformed thanks to a £100m redevelopment

Improved road and rail links, with more frequent fast trains, Oyster card access and good value fares

We're expanding our network of 117 destinations, with 20 new routes added in 2015

A completely redesigned terminal, with an expanded security area and double the space for new shops and restaurants

## We are increasing capacity

**9.7m**

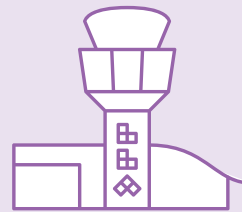

From 9.7m passengers in 2013...

**18m**

to 18m passengers a year by 2030

**17%**

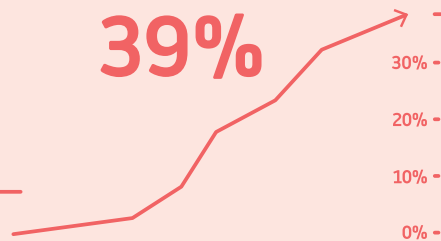

17% of all new passengers using London airports between now and 2030 will fly from LLA

## We are creating new jobs

3,700 new jobs on site at the airport by 2030 - a 39% increase

**39%**

**37,700 jobs**

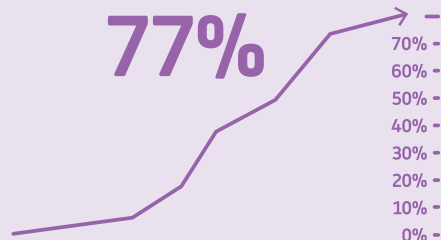

By 2030 LLA will support 37,700 jobs in the wider economy compared with 27,200 today

## We are creating economic growth

A 77% increase in the value of LLA to the UK economy, from £1.3bn to £2.3bn, by 2030

**77%**

By 2030 LLA's contribution to the Three Counties economy will almost double, from £732m to £1.4bn

The background of the page is composed of three distinct geometric shapes. A large red triangle occupies the upper-left and central portions of the frame. A purple triangle occupies the lower-right portion. A smaller, lighter red triangle is positioned in the top-left corner, partially overlapping the larger red triangle. The text 'London Luton Airport' is located in the bottom-right corner, within the purple triangle.
