Announcement of production discontinuation

Firstly, thank you for the continuous use of our products.

Since their release, the FR-E700 Inverter series has sold successfully. However, in December 2019, Mitsubishi Electric released the FR-E800 series inverters with compatibility as successors to the FR-E700 series inverters. Therefore, MELCO decided to stop production of FR-E700 series inverters. Please refer to the following phase out schedule. The FR-E800 series have been designed with greater performance and features and will offer customers more value.

IMPORTANT NOTES:

- Please find a "MITSUBISHI ELECTRIC Inverter Sales and Service (pu726e)" bulletin and refer to the point: "Precautions for Replacement"
- "Plug-in Option" successors can only be used with FR-E800 units - it is a technological continuation for the needs of the new series

Materials to be discontinued		Replacement Materials (not necessarily 100% compatible)

Phase Out Schedule

End of Life (EOL)	09.10.2022	<i>Date from which the discontinuation will become effective</i>
Last Time Buy (LTB)	01.03.2023	<i>Date until when last Purchase Order from customer is accepted by Mitsubishi Electric</i>
End of Service (EOS)	01.03.2030	<i>Date until service will be maximum available</i>

Additional Information

The above listed material are just the main standard materials. All corresponding options or non-standard materials for the target series are also in scope of discontinuation.

Customer Action Requested

Mitsubishi Electric will accept customer orders for the above mentioned EOL materials through LTB. They cannot be cancelled. Orders after the LTB date will not be accepted. The order can be scheduled with different delivery dates after LTB.

If you have further questions, please contact your regional sales representative
