How to Upload Your Materials: Our ad portal is an integral part of our system to ensure your ad is proofed precisely to our printer's standards. Registration is quick and easy.

- 1 Register at connect.sendmyad.com and log in. Under the "actions" menu on the left side your screen select "Send Files"
- 2 Choose "Print Ad" in the "Sending" dropdown, then choose the correct publication.
- 3 Type in the advertiser name, choose the ad size you're submitting and the issue(s).
- 4 Click "Choose Files" at the bottom of the screen, then "Browse for File." Select your press-ready PDF.
- 5 Select "Upload" for your ad to be proofed. During proofing, if your ad receives an "Other Warnings" message, it is for your information only and is NOT detrimental to printing your ad. If there are "Serious Errors" with your ad, the portal will reject it. Refer to the right side of your screen for a detailed explanation of the errors. Revise and re-upload your submission.

Note: If you experience a BLEED BOX WARNING or other bleed issues, you may need to click the "Reposition Ad" button, then select "Trim & Save" before approving the upload.

- 6 Once proofed, approve your ad. Click "Approve Ad" using the green thumbs-up button on the right side of your screen. We will receive an email confirming your materials are ready for us. Please do not request additional confirmation of your submission. If there are any questions regarding your materials, we will notify you.

Pickups: Click on the original uploaded ad and go to "Pickup Ad" (on right side of screen), choose the appropriate publications/issues and go from there.
