LIST

TSNN Top Trade Show List—The Rankings by Net Square Footage (NSF) for 2023

What are largest U.S. shows by attendance, exhibitors and net square footage? Where are the largest trade shows held and what month is most popular? Who produces the largest U.S. trade and consumer shows?

TSNN has the answers. We have reached out to hundreds of show organizers to gather data to produce the most comprehensive list on the U.S. exhibition market. We've crunched the numbers and put together the data in easy-to-use guides based on 2023 numbers. The 2024 list is currently being compiled now.

To be considered for inclusion in our list, please email TSNN's VP of Group Content [Danica Tormohlen](#). Below find the rankings by NSF. You'll also find rankings by attendance, number of exhibiting companies, and location. Plus, download complete information on each show and its organizer.

Rank	Show	2023 Date & Location	NSF	Exhibitors	Attendees

108th Annual New Jersey League of Municipalities Conference

NJ League of Municipalities

Held each November in Atlantic City at the Atlantic City Convention Center, the conference is an invaluable learning experience which yields benefits throughout the year. Delegates can learn at approximately 125 panels, clinics, workshops, and other sessions conducted by the League and the 21 associations of technical and professional employees. Commercial, government, and association exhibits display the latest products and services for municipal government in over 1,000 exhibit booths.

TSNN Top 200 Ranking: 149

2023 ALA Annual Conference & Exhibition

Hall-Erickson

The ALA Annual Conference and Exhibition is rated as the #1 library trade show in the world. In addition to being highly rated, it is also the world's largest library event. ALA brought together thousands of librarians and library staff, educators, authors, publishers, friends of libraries, trustees, special guests, and exhibitors. Attendees come to the Annual Conference because they know it delivers the biggest return on their investment. With a wide range of activities, the exhibit floor has become a great place for attendees to search for new products, explore upcoming titles, hear interesting speakers, and meet emerging authors. ALA Annual offers educational programming; important announcements and updates; relevant legislation and policies; and discussions that majorly impact libraries, their roles, and their ongoing transformation.

2023 AUSA Annual Meeting & Exposition

Association of the United States Army (AUSA)

The Association of the United States Army's Annual Meeting is the largest land power exposition and professional development forum in North America. Taking place over three days, the Annual Meeting is designed to deliver the Army's message by highlighting the capabilities of organizations and presenting a wide range of industry products and services. AUSA accomplishes this task throughout the entire event by providing informative and relevant presentations on the State-of-the-Army, panel discussions and seminars on pertinent military and national security subjects, and a variety of valuable networking events available to all that attend.

TSNN Top 200 Ranking: 47

2023 AUSA Global Force Symposium & Exposition

Association of the United States Army (AUSA)

The 2023 AUSA Global Force Symposium & Exposition explored the Army Modernization Strategy's plan to drive transformational change. Special guest presentations – coupled with panel discussions from senior military and industry leaders – addressed critical points of research and development, acquisition and contracting, force sustainment, strategic divestiture, and industry partnerships.

With support from Army Materiel Command, Army Futures Command, the Office of the Assistant Secretary of the Army (Acquisition, Logistics and Technology), and other Army Commands, this three-day event highlighted how the Total Army will modernize and transform into a multi-domain capable force.
