Staphylococcus aureus	(6538)
Klebsiella pneumoniae	(4352)
12 Minute - Airborne Viruses	ATCC No.
MS-2 (Surrogate for enveloped airborne viruses such as Influenza)	(15597-B1)

Directions for Use

1. Close all doors, windows, air vents, and returns
2. Shake can well before each use
3. Hold can upright and continuously spray for 30 seconds towards the center of the room³ and ceiling
4. Leave the room to allow Lysol® to sanitize the air
 - To kill bacteria, leave the room for 4 minutes
 - To kill viruses, leave the room for 12 minutes
5. After contact time, you can re-enter the room to open doors, windows, air vents, and returns

For additional product information and Safety Data Sheet, please visit www.rbnainfo.com

¹When used as directed. ²Eliminates odors by killing odor-causing bacteria in the air. ³Room defined as 10 x 10 x 8 ft. or 800 cubic feet. For spaces 801 to 4000 cubic ft., repeat the directions for use by spraying in the center of each 800 cubic ft. section, not to exceed 5 sprays per day. Not for use around food. Rinse food contact surfaces with potable water after use. Spray may leave hard floors slippery. Do not concentrate spray over hard floors.
