

Your name: .....

## Part C: Create

For **Part C** you will create your own piece of art! Make sure you record how you make your art as well as your final piece.

What piece of art are you going to create? For example, is it a painting? Will you be performing something? Or maybe writing a story? Tell us what you plan to do or make.

---

How did you create your art work? We need to see the process of how you created your art, as well as the final piece.

**Tip:** Include photos, video, diary notes or other evidence to show how you created your art work.

---

What is your final piece of art? Include it here, or provide photos, a video or audio recording of it.
