

Gold Arts Award Unit 1 Part C: Research practitioners and review arts events

Research

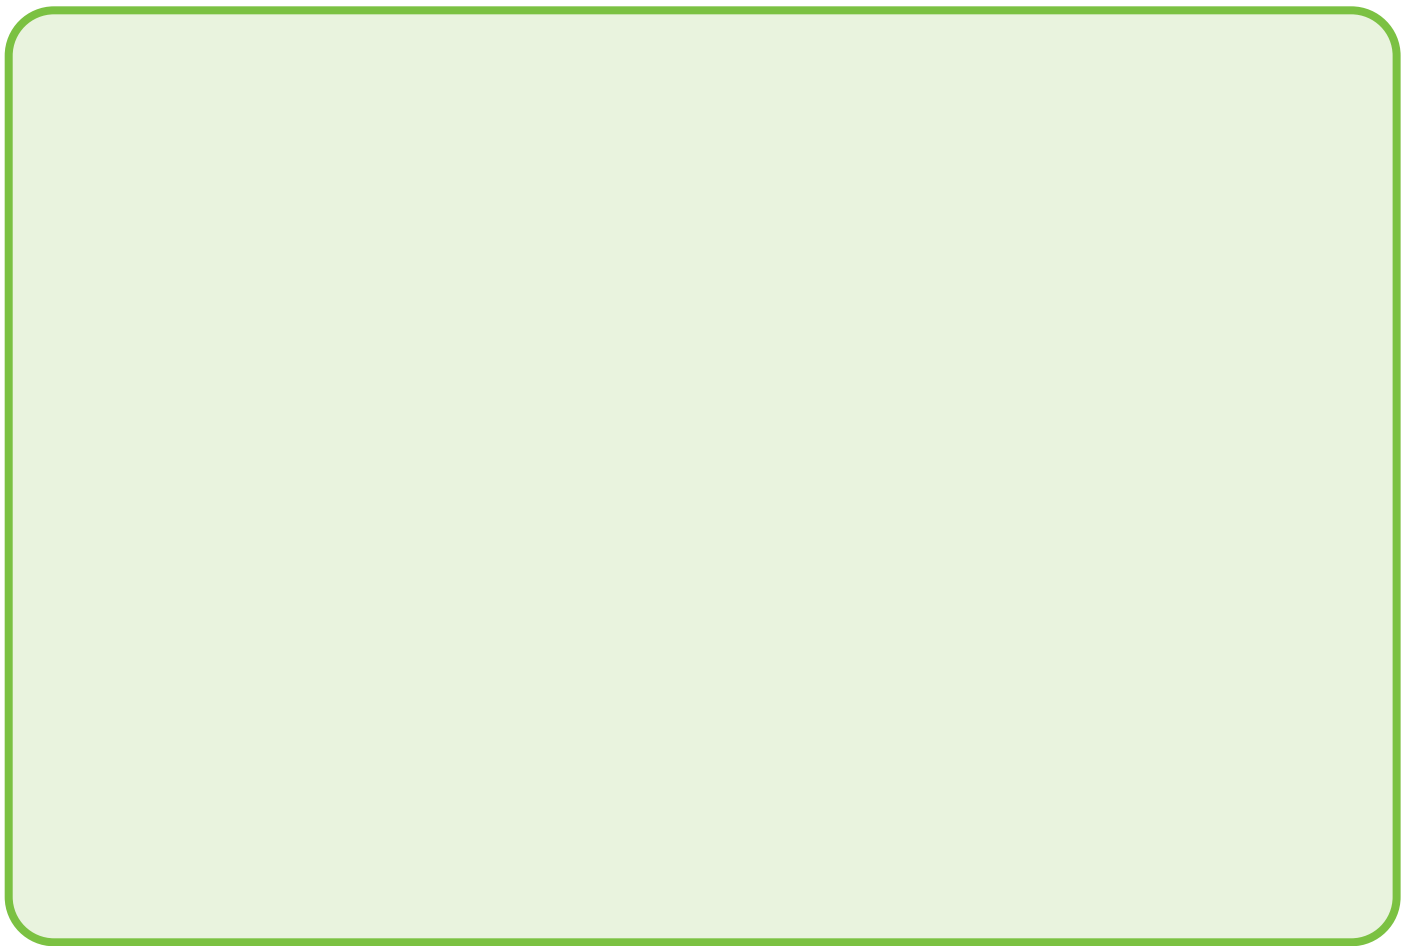

The purpose of this worksheet is to help you to research advanced arts practitioners.

Which advanced practitioners who work in the same art forms as you did you find out about and why?

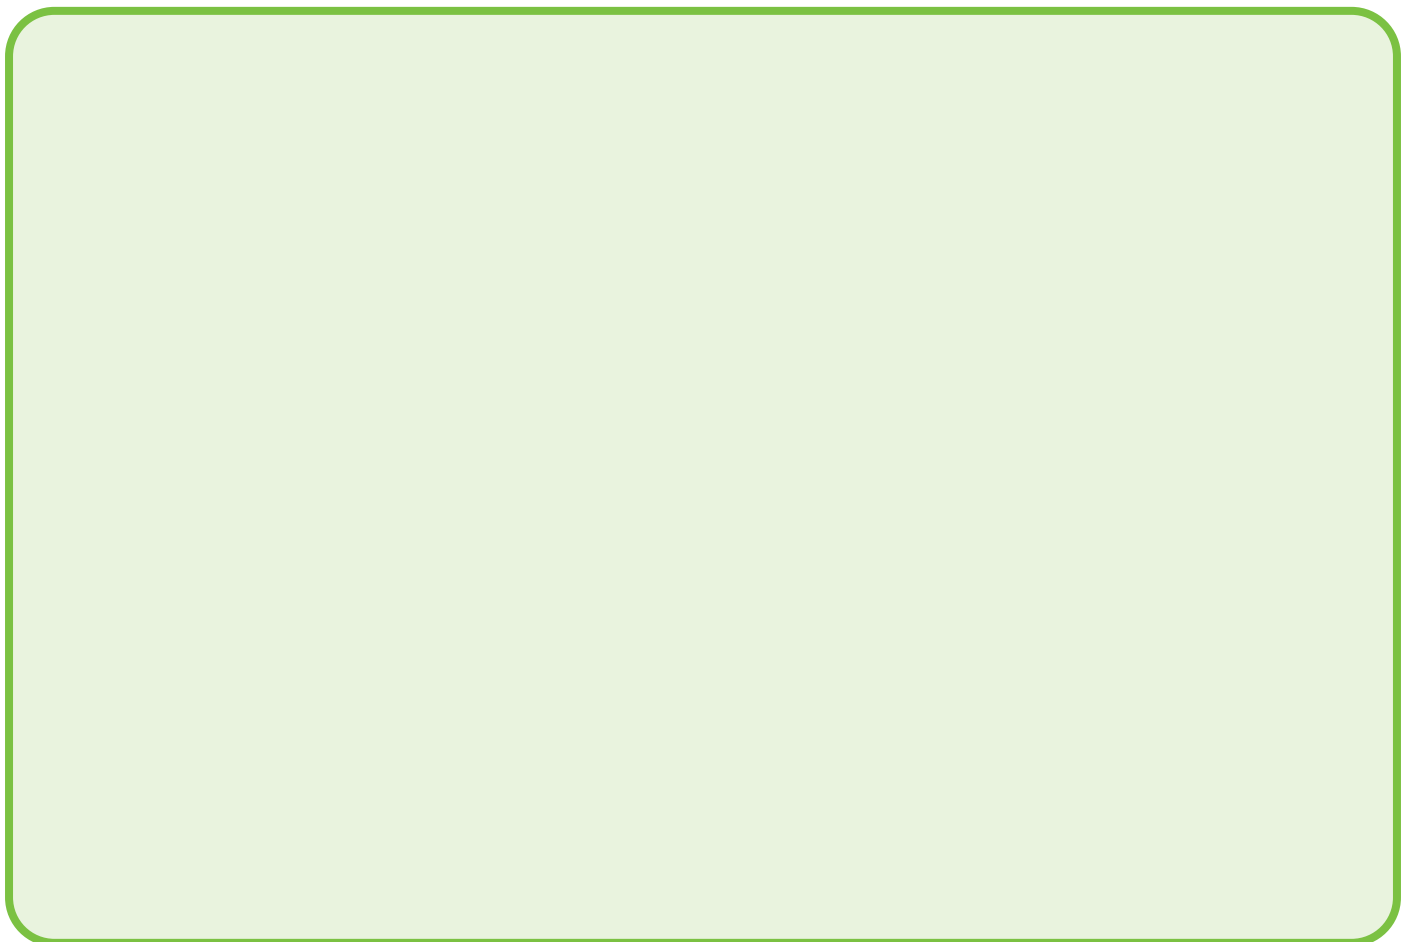

What contact did you have with the advanced practitioners or others involved with their work?

What and how did you find out about their career paths and work, and any organisations that support them?

What did you learn about working in your chosen art form?

Have your views changed since beginning your research?

How has your research influenced your own arts practice and/or plans, and how might you develop your arts practice in the future as a result?
