About

Simply Business

We're one of the UK's largest business insurance providers. Since we started life in 2005, we've helped three million small businesses and self-employed people find the protection that's right for them, from builders to bakers and personal trainers (we cover landlords, too).

More than 900,000 customers across 1,000 different trades trust us to support them with their insurance.

You can build a policy tailored to your business, choosing the covers that you need to help protect your business's name.
