## Features

**WingGuard®:** unique winged band-locking mechanism provides high holding force and fully encloses all sharp edges

**Burr-free strip edges:** reduced risk of component damage, before and after assembly

**Large diameter range:** one clamp size suits a range of application diameters while providing ample clearance for easy assembly

**Easy to assemble:** single step electromechanical Oetiker FAST 3000 tool = fast, economic and reliable assembly

## Benefits

- Space efficient design
- Smooth band edges
- Superior assembly system
- Expansion resistant

WingGuard®
