

Multi Crimp Rings Puzzle Lock Design 150 - Aluminum

Recommended for Driveshaft (CVJ boots made of TPE)

Features

Puzzle lock ForceTree® design: constant pressure applied uniformly around the circumference

Low installed height: minimum space requirement, no imbalance on rotating parts

Specially formed strip edges: reduced risk of damage to parts being clamped

Aluminum: reduced weight

Benefits

- High sealing performance
- Highly space-efficient flat design
- Light-weight and burr-free band
- Large diameter range
