

Reliable Connections for Aftermarket Distributors

Reliable Connections

Connections and Assembly Solutions for

Aftermarket Distributors

Aftermarket industries require products that ensure quick and easy installation, minimizing warranty claims and preventing return service repairs.

As a leading provider of innovative connecting solutions, customers count on Oetiker to provide peace of mind for Aftermarket connections with OEM quality and ISO standards.

Pioneering reliable fastening components for over 80 years, we deliver high quality connection and assembly solutions that are simpler, smarter and stronger.

Our clamps, quick connectors and tools are specially designed for a wide range of vehicle components within the aftermarket industry and specially developed to meet today and tomorrow's market requirements. With Oetiker we ensure reliable connections throughout the lifetime of the vehicle.
