

HEALTH CARE SERVICES for longer stays abroad

A stay abroad can be tempting - for career development or with opportunities in your studies.

However, local medical care is not always what you are used to in Austria - and is often more expensive than expected. So that you can devote yourself to your profession or studies without any worries, take care of yourself with our health care services for stays abroad.

We have the right insurance coverage for you for stays abroad lasting between one and five years with services for inpatient and outpatient treatment as well as rescue, transport and on trips. Learn more about the different possibilities on the following page.

Should you have any questions, your insurance adviser will be happy to answer them and informs you also about offers which are tailored to your needs.

**WE CARE
ABOUT YOU**

This publication is a non-binding marketing document from Generali Versicherung AG (Vienna). It is provided for information purposes only, and in no way represents an offer, solicitation or purchase recommendation. The statements and conclusions presented here are non-binding and of a general nature. They do not take the individual policyholder's needs into account, and may change at any time.
