

CARAVAN OWNERS & RETAIL EVENTS GUIDE

Due to changes in legislation we need to implement the following guidelines to all catering events whether paid or “free” events. We have produced an extensive range of events for you to choose from.

Thank you,
The Food & Beverage Team

POLICY PAGE

- All owners' events must be supported by the Retail Manager or Catering Manager.
- All products must be purchased through our agreed buying list with Brakes.
- All food must be prepared and supervised by a level 2 food hygiene qualified team member who will be supplied by the Retail Manager.
- Retail managers /catering team will adhere to SFBB food safety requirements on temperature checks and maintaining of records.
- Under no circumstances must Caravan sales team members cook or prepare dishes including BBQ events.
- All events must have the correct "Allergen awareness" signage (supplied in your pack) on display and if requested the correct allergen information given to the guests/owners for them to make their final decision as to the suitability of a dish.
- Allergen contents are under the recipe to the event being held.
- Calorific information is not required for events that are carried out less than 30 times in one year or on 30 consecutive days.
- You can mix and match dishes from the list to create your own event as many parks many already have published events arranged- if this is not possible, please call Charles Amstad or Gareth Harris who will arrange bespoke events for you (7 days' notice required).
- If you wish to use 3rd party caterers for specialised events (Hog roasts, exotic BBQ events etc.) Head office Audit team need to be informed at least 4 weeks prior to the event so that thorough due diligence and compliance checks can be carried out on the proposed company.
- Your Retail Manager will supply you with full costings to the event when you supply event numbers or have a budget to adhere to.
- Costs for events must be pre agreed(both food and labour) and proper transfer notes carried out by Retail Managers; copies of transfers must be held for Stock-taking requirements.

If you are in any doubt as to the process and policy or require any support, please contact via email AJ or CA for clarification.
