“This marks the second collection we’ve created with Tate, and we think you’ll agree it brings a touch of artistic magic into any space.”

IONA GRAHAM / SOCIAL & COMMUNITY MANAGER

As we reflect on the past couple of months, it's exciting to see so many fantastic projects come to life. We've introduced not one, but two new mural collections. A highlight has been our wonderful collaboration with the Tate, bringing some of their most prestigious artworks to life as bespoke, shoppable murals for the home.

This marks the second collection we've created with Tate, and we think you'll agree it brings a touch of artistic magic into any space. Simply customise your mural to your exact measurements, and we'll deliver it to your door within two to three working days. It's that simple!

To show you how our stunning bespoke murals come to life, we introduce 'In the Studio with Victoria,' a feature highlighting the craftsmanship behind the scenes in our design studio. Here, you'll see how our new Old Venezia and Stately Promenade panoramic murals were hand-crafted, inspired by the team's

recent trip to Rome and Venice.

We also launched our Spring / Summer Bedding Range, a collection of four designs that welcome the beauty of nature into your home. Designed to bring the outdoors in, each set captures the essence of botanical elegance, from the bold and vibrant Botanical Bloom to the timeless sophistication of Chinoiserie Green. This collection makes it easy to refresh your bedroom this summer, so much so that it was featured in The Times by the wonderful Sasha Nugara!

Don't miss this issue's Shop the Looks, where we make it easier for you to get that interior design look. We renovated with @bridiescakes, who transformed her living room using the new Apple of Grenada Sky and Green wallpaper, paired with Little Boy Blue paint. And finally, this issue's recipe is a stunning alfresco charcuterie board, perfect for those warm Summer days, hosting in the garden.'

Masterpieces

As part of an exciting new drop of mural designs, Graham & Brown has launched eight new beautiful mural designs, including Stately Promenade and Old Venezia which are two extra-large panoramic murals inspired by the design team's travels around Europe.

The other six mural designs were hand drawn and painted by our in-house team, bringing to life a captivating collection of tropical junglescapes, hand-sketched lost cities, and serene natural landscapes in soft watercolour tones.

Each piece in the new mural range is a window into a different world: Jungle Vista immerses you in lush, verdant foliage and exotic flora; The Weeping Willow offers a moment of quiet reflection; High Tide captures the beauty and power of the ocean showcasing where sea and sky meet land; Painterlily Lake presents a tranquil waterscape of a countryside park and Coastal Horizon creating a serene atmosphere reminiscent of coastal living.

The beautiful June mural collection of artwork is designed to transport you to peaceful spaces and faraway lands, all from the comfort of your own home.

PROJECT LIVING ROOM

TELL US ABOUT THE NEW SPACE YOU HAVE CREATED WITH GRAHAM & BROWN?

Our home is a new build and I'm trying to inject character and warmth wherever I can. 'Apple of Grenada' wallpaper is the perfect touch of class and cosiness. Painting the ceiling in 'Little Boy Blue' has transformed our North facing living room, it's so light and airy. Still a few details to add, but it's all coming together beautifully.

WHY IS COLOUR & DESIGN SO IMPORTANT IN YOUR SPACE?

Just like dopamine dressing, I think dopamine decor can genuinely make you happier. I'm really creative so it feels natural to create a space that's as inspiring as it is comforting to spend time in.

TELL US YOUR FAVOURITE INTERIOR TREND?

I tend to go off trends that everyone follows ... with the exception of bows. Followed closely by absolutely anything with a scalloped trim!

WHAT DO YOU LOVE MOST ABOUT YOUR GRAHAM & BROWN TRANSFORMATION?

The shades of blue, in both the 'Apple of Grenada' wallpaper and 'Little Boy Blue' paint. It's the most gorgeous tone and has inspired every piece of furniture I've collected for this room.

WHAT INSPIRES YOUR DESIGN CHOICES?

I'm often inspired by one item, maybe a paint colour or lamp shade and then let my imagination go a little wild from there.

Feature of the MONTH

We are delighted to share this stunning showcase of immersive design in our community this month. This space is enveloped in the Constable Hampstead Heath Bespoke Mural by Graham & Brown, from our Tate collection. By the iconic English landscape painter, the mural transforms the walls and ceiling into a sweeping countryside vista, bringing depth, tranquility, and timeless beauty to the room. A true celebration of art and nature combined!

STEP ONE

PREPARE THE FRAMES

- Make sure your frames are clean and free from dust. Gently wipe the surface with a dry cloth or paper towel.
- If you're working with frames that have a textured surface, it's better to smooth them out a bit (optional, if you prefer a more uniform surface).

STEP TWO

START PAINTING

- Begin painting the frames using your brushes. If you're creating a detailed design, start with the solid layer first, and move to finer details afterward.
- Let each layer of paint dry completely before adding another to avoid smudging.

STEP THREE

ADD DETAILS

- After the base coat is dry, you can add extra details like patterns, dots, or accents.
- Small brushes work best for intricate designs. Keep a steady hand, or use painter's tape to create geometric shapes.

STEP FOUR

LET THE PAINT DRY

- You may need to apply several coats of paint to get the depth of colour you want.
- Allow your painted design to dry completely. This usually takes about 15–30 minutes, depending on the thickness of the paint layer.

STEP FIVE

FINISHING TOUCHES

- Once everything is dry, you can carefully peel off any painter's tape if you used it.
- If there are any mistakes or uneven edges, you can touch up the paint at this point.

STEP SIX

WALLPAPER FRAMES

- Add your artwork to the frame and enjoy your hand crafted piece of art!

STEP SEVEN

FINISHING TOUCHES

- Create a wallpaper mount using a design sample of your choice.
- Lay the paper over the mount and cut to scale with a little extra border to fold around the back of the mount.

STEP EIGHT

ENJOY YOUR ARTWORK

- Add the mount to your hand painted frame
- Place your artwork inside the frame ready to enjoy.
